WINZE SINKING IS PROGRESSING AT SIBERIA MINE

A winze is being sunk in the No. 4 level at the Siberia mine at Badger Hill, following a vertical ore shoot developed above the level. The winze will be sunk to a depth of at least 50 feet to determine the extent of the shoot. The quartz deposit shows good values in the sulphides o far and may prove a good strike.

The bringing of electric power to the property the past few months will make it possible to handle the development work in an expeditious manner over the hand methods formerly necessary. The hoist and compressor equipment has all been installed and the boarding house is in operation. A crew of ten men is regularly employed.

E. B. Frost is superintendent.

GIBSONVILLE MINES ARE SHOWING ACTIVITY

Several hydraulic properties in the Gibsonville section will be under way the coming spring in good shape. With rebuilding of many of the flumes supplying water to the William Brown mine, it is expected that this property will be on the producing list the coming spring. The bonding of the A. E. Flanagan mine on Slate Creek means the reopening of the old Clay Bank property is the spring.

With the completion of the clearing of the air line to the tunnel, it is expected that the work of clearing the tunnel at the Taber mine can be carried along to an early conclusion. The surface buildings at the mine have been completed well ahead of the winter storms and supplies have been accumulatel. O. E. McGrath is superintendent.

GOLF TOURNAMENT GETS UNDER WAY FOR WINTER

The opening tournament of the Foothill Golf Association comprised of the Nevada County, Auburn, Lincoln and Placerville clubs got under way yesterday with the opening matches played on the local course. John T. Jones has been named as tournament chairman for the local club by the directors and will direct the play and the makeup of the teams.

The new No. 8 green is reported to have aroused some one's ire the past week and looked rather rumpled up after the encounter. The surface is of cottonseed oil coated and presents a rather uneven surface for fine putting and many promising scores have been nipped in the bud on its surface as a result. Work is progressing on the new No. 5 green on the mystery blind hole. The course is in excellent shape at the present time for tournament play and many club members have been availing themselves of the privilege.

PROMINENT HOTEL MAN VISITS NEVADA CITY

W. M. Sell, Jr., who has been assicoated for several years past with T. E. Farrow in conducting the Hotel Turpin, popular San Francico hostelry, was a Nevada City visitor the past week and a pleasant caller at The Nugget office. Mr. Sell announced that Mr. Farrow and himself had also taken over the Hotel Terminal of San Francisco and Byron Hot Springs and would conduct them on the same place of serving the public as had been done with the Turpin.

Sell and Farrow both had long experience in catering to the traveling public in the Yosemite Valley in years past and they made an enviable name for themselves there and since entering the hotel game in San Francisco. Patrons stopping at any of their hostelries may be assured of the utmost in service and attention. Grass Valley and Nevada City people will find Mr. Rowe of Grass Valley at the desk of the Turpin.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been recorded:—

William Keating, A. H. Davis James Rourke, Lon Paine and Edward C. Uren have located the Senator placer claim in Snow Point Mining District, in Sec. 18 T18N R11E.

William Keating, A. H. Davis, Lon Paine, James Rourke, Edward Uren, Carl Kelsey, James Ingstader, M. M. Coughlan and Dan Powers have located the Washington placer claim in Snow Point Mining District.

H. L. and A. H. Bayes have located the Ajax Nos. 1 and 2 placer claim in Sec. 7 T18N R11E in Eureka Mining District.

Leslie J. Hegarty has located the Standard quartz claim adjoining Twin Sister claim in Eureko Mining District.

Cescil S. Hegarty has located the Coon quartz claim adjoining Standard on south in Eureka Mining District.

JOE COLOMBO IS GOOD HOOFER SAYS BRUIN

NORTH SAN JUAN, October 26, (Special to The Nugget)—Joe Colombo says he is going out after Charley Paddock's laurels as a foot racer although it may a little late in life. He outdistanced two bears the other night on one of San Juan's main streets while they were considering him apparently a good meal.

Joe was coming up town on San Francisco street Wednesday night when he heard a couple of woofs and grunts behind him that caused him to take quick stock of the situation. Messrs. Bruin were very much on the job and Joe took to his heels pronto H.e soon left them far in the rear and the last seen of them they were beating it for the old diggings behind the church. Judging from the size of the tracks they were a good sized pair of grizzlies.

No one here suspected Joe of being so quick on foot but he is now the cynosure of admiring eyes and the story of Joe's foot race with the bears will doubtless be a fireside tale for many a night.

BRIDGE TOURNAMENT STARTS TUESDAY NIGHT

The bridge tournament to be given by Nevada City Elks Lodge will commence tomorrow Tuesday night in the Elks building. The series will run four consecutive Tuesday nights and a number have already entered the tourney. Refreshments will be served each evening.

NEVADA CITY HAS THE CLASS A AIRPORT SITE

A. H. Wait, airport inspector from the United States Department of Commerce, after an exhaustive survey of available sites in this section for airports, stated that in his opinion that the one site which could be converted into a Class A airport was in the vicinity of Nevada City. The present Grass Valley airport would not comply with the government requirements for Class a rating, it was stated. A committee of local business men will go over the situation to see what can be accomplished.

PROMINENT MINING MEN HERE

John A. Rollins of the Loftus Blue Lead Mines in the Howland Flat section of Sierra county, were Nevada City visitors Friday afternoon for a brief stop at The Nugget office while on their way to San Francisco.

Rollins is chairman of the publi city committee of the Mining Association of California asd Hanley is one of the state directors.

Rev. Fr. O'Reilly spent a few days in Downieville, Alleghany and Forest, celebrating mass in each town.

Judge M. C. Glenn of Sacramento was here Friday to hold court in the superior court.

STRONG ARGUMENT MADE FOR STATE MINING ASSOCIATION BY DEMOCRAT

The followisg editorial from the Mountain Democrat of Placerville in a recent issue, has its counterpart in Nevada county and is reprinted with the idea that this county badly needs the Mining Association of California on a firm basis with a large membership from this section.:

It would appear that the organization of the Mining Association of California, as recently perfected, is one of the most progressive steps taken in recent years in behalf of the pioneer industry. We commend the spirit of organization in the mining industry. In union there is strength.

The association of thought and of effort in the achievement of an end always results in the presentation of a formidable front. There are a thousand and one phrases, which continually hammer home the thought that two heads are better than one.

One of the larger industries of the state recently to see the value of organization is that of newspaper publishing. Publishers and editors finally saw that barbers, bakers and candlestick makers were progressing through organization, and so they formed the California Newspaper Publishers' Association (of which this paper is a member) and now the printing business is beginning to be heard from.

Ad so to the mining men of El Dorado County, we say, "Organize". From an organization and campaign for the things which will help your industry. Find out, for instance, why mining is almost neglected as an industry by the government, while agriculture and other industries, which do not contribute nearly as much as mining to the national wealth, draw a lion's share of appropriations.

Find out why out-of-state building materials are used in California construction when we have home product materials that are as good if not better. And remember that the use of these home-products means dollars to non-metallic producers.

Find out about your compensation insurance rates. Perhaps they could be reduced at a saving to your pocketbook.

Bind yourselves together, miners and work for your just rights and th eadvancement of your industry. You'll find that it pays.

A number of mining men have been coming into The Nugget office voluntarily to take out a membership in the new state association which carries so much promise of help to the industry which looks to be staging a big come back. The biggest drawback to the mining industry today is the excessive compensation insurance rate and cooperative effort will put it down to a fugure where California can fugure pete with any other state in the Union, due to lack of organized effort in the past.

The complete membership roll of the local chapter will be published in an early issue and it is to be hoped that those having cards out will turn them in as soon as possible, signed up. Our membership quota has been set at 250 members for the four counties and it will not be hard to acquire that figure if all pitch in and sign up. Not o single officer of the state association or the local chapter draws any salary or expenses and the enthusiasm which has been manifested bodes well for the future of the association.

Another meeting of the chapter will be held at an early date to perfect the organization and plan an active campaign which will put our membership well up toward our mark. This chapter can be the leading one in the state association and should be.

Membership cards are available at this office at any time.

WOODS WINS HIS CASE IN SUPERIOR COURT

Gordon Woods who lost his case against Ralph A. Carpenter in Judge Mobley's justice court, won on appeal in the superior court Friday, Judge Malcolm C. Glenn presiding. After hearing the evidence presented, Judge Glenn ruled that Woods was entitled to recover $80. on th ehay, $50. on the pasture and $21. on a calf, less $55. for rental of the property, and gave judgment for $96. plus certain costs to be arranged between counsel.

DOWNIEVILLE WELCOMES ADVENT OF ELECTRICITY

The advent of electric power of a dependable amount and 24 hour service inspired a rousing meeting at Downieville Saturday in Memorial Hall which packed the room to the doors. The Pacific Gas and Electric Company sent some of its most convincing speakers in the persons of District Manager Herbert M. Cooper and Division Sales Manager Harry S. Furlong of Auburn and Don C. Ray, manager of the Bureau of Public Relations, from San Francisco general offices to address the gathering.

Motion pictures showing the making of mazda lamps were shown and a dance was enjoyed following the program.

WILLIAM GROH PASSES

William Groh who was hurt in an accident on the Yuba Pass highway when the car in which he was riding plunged over the grade, died early last week as a result of his injuries. He was taken to the Grass Valley hospital in the Jefford ambulance but his injuries proved too severe. His wife had passed away but a couple of weeks before at Woodland. Funeral services conducted by W. R. Jefford & Son were held at Downieville Friday afternoon and were largely attended.

LOUIS LORENZ BONDS TWIN QUARTZ PROPERTY

Louis Loren,z representing Los Angeles capitalists, is reported to have bonded the Twin Quartz mine in the Snowden Hill section from William Foote. There are six 20 acre claims in the property.

A compressor house, blacksmith shop, and bunk house have been edected on the property in preparation for the winter. A tunnel is to be un in to develop an 18 inch ledge previously opened up by Foote. Machine drills will be used and work will go ahead steadily during the winter.

CONTRACT IS LET FOR PAINTING PINE BRIDGE

The special meeting of the city trustees held Tuesday evening to open bids for the painting of the Pine street bridge resulted in D. E. Burgess being given the contract. He had previously been given the contract under modified specifications which City Attorney Nilon held to be illegal and it was neecssary to readvertise. Mr. Burgess has his equipment on the ground and will rush the work to early completion to beat winter weather. The contract price is $2400 for a sand blast to remove all scale and rust and two coats of paint.

WOODLAND ELKS STAGE A FINE INITIATION

A large delegation of Woodland Elks accompanied by their famous orchestra paid Nevada City Lodge a fraternal visit on Saturday evening and conferred the ritual work of the Order on a number of candidates A supper preceedel the ceremonies.

The upstairs of the Perry-Jefford Funeral Home is being remodeled at the present time The material is being furnished by the Diamond Match Company.

BOUNDARY MINE TRIES SECOND SLYE SUIT

With the filing of a certificate of revivor of the Grass Valley Boundary Mines, a second suit was filed the past week against Joseph Slye by M. J. Brock. The first suit was thrown out of court when it was shown that the corporation had not paid its 1928 corporation tax and was therefore not able to institute an action at law.

A motion for a temporary restraining order was made in superior court by the plaintiff company. The company seeks to regain custody of the property which has been operated for several years by the Condon and Slye interests of San Francisco and sues for $100,000 royalties alleged due. The first suit succeeded in tying up a large amount of specimen rock which had just been taken from the mine but this was released at the conclusion of the first suit. W. E. Wright appear as attorney for the plaintiff company. J. M. McMahon is appearing for the defendant who is also an attorney.

KING STARTS ACTION GRASS VALLEY MINES

Just when it looked as if things were coming to a settlement over the tangled affairs of the Grass Valley Gold Mines Company, along comes Roy J. King with a suit to obtain/ 15,910 he claims are coming to him, and prays for an order to deliver to him said stock or for a judgment in excess of $60,000.

The papers filed in County Clerk George Coughlan's office the past week allege that Stock Certificate No. 11 for 15,000 shares was issued to plaintiff, and that at the same time the company issued 343,090 shares of tock is payment for material and surface rights conveyed to it by the real owners; that the latter number of shares were put in escrow for six months and later on behalf of one M. K. Harr of Philadelphia, for an additional 12 months, on a purchase option at 40 cents per share.

It is claimed that an agreement was made about June 8, 1922, to finance said property and property and corporattion to the extent of $60,000, King to get 136,910 shares of stock, Charles E. Knox 125,530 shares, Harry E. Thompson 125,350 shares and others 95,000 shares. Knox and Thompson are reputed to have fallen down on the job and Harr came in on the deal. It is claimed that $75,000 was raised and turned in to the company.

King claims the corporation repudiated its alleged agreements with him to deliver him the 15,000 shares and is basing his action to rompel performance. It is alleged that there are some 526,000 shares of stork outstanding in addition to 250,000 shares reputed held by Harr for his part in the financing.

It will be fortunate for the property when this litigation ceases and permit operations to commence.

GRASS VALLEY CHAMBER SELECTS NEW OFFICERS

A meeting of the Grass Valley Chamber of Commerce will be held tonight to select new officers for the organization and to elect eight new directors. Seven directors are holdovers from last year. The resignations of Eben K. Smart as president and E. O. Chapel as secretary were recently given in. The meeting will begin at 8 o'clock in the Chamber quarters on Mill Street.

INDIAN HILL DIGGINGS

Work has been discontinued at the Indian Hill Diggings above Camptonville for the season owing to the water shortage. The property is being operated by Reno Zerga and Henry Harrison who own 20 acres of virgin ground along Indian creek. Work will be resumed in the spring.

Mrs. Newton Grover has left to make her future home in San Francisco.

MURCHIE SHAFT DEEPENING TO THE 1350 LEVEL

Plans have been formulated for the sinking of the shaft at the Murchie mine an additional 200 feet below the present 1150 level. A crew of 12 men are engaged at present in cutting an ore pocket below the 1150 level and as soon as this is completed, a contract will be let for the shaft sinking.

Owing to the present work at the bottom of the shaft, the mill is only operating two shifts per day as the hoisting of ore is interfered with. The bulk of the ore for the mill is coming from the 1000 and 1150 levels. The mill utilizing ball milling and oil flotation following the battery of 20 stamps is operating satisfactorily and producing a fine concentrate. But little value is getting away by this process which has been attracting a great deal of attention in the district.

The present shaft is vertical to the 400 level thence follows the pitch of the vein. The new sinking will be done in the footwall of the vein which pitches steeply.

HOGE SHAFT IS DOWN 135 FEET YESTERDAY

Maintaining a steady speed of five feet per day, the new three compartment shaft at the Hoge Development Company had reached a depth of 135 feet on Saturday. At the present rate of progress, the 350 foot objective will be reached in six weeks to two months. The formation is continuing very favorable in the footwall.

CASCADE MINE READY TO BEGIN OPERATIONS

According to a dispatch in the San Francisco Examiner the past week, the Cascade Mining and Milling Corporation operating near Nevada City, expects at an early date to cut the ore on the 350 level, which may place the mill on steady production, according to Secretary James R. Kenna's report to the Montgomery Securities Corporation.

From the 190 level a vein running two to four feet wide, carrying values of $7 to as high at $478 in gold was followed down by a winze for 62 feet, showing the same values, the report said.

MINING PERSONALS

John J. Connell was down from Alleghany last week on business. He has mining interests in that district.

A. D. Hinton of the Gold Hub mine was a Downieville visitor the past week.

H. A. Hanson, a director in the Soverign-Comet mine, was up from Monterey during the week on an inspection trip.

R. D. Dorris, president and general manager of the California Aclare Mining Company of Forest, was a Nevada City visitor Saturday. Dorris returned last week from a business trip to Reno, the company headquarters.

Lorin Foreman, a city trustee of Healdsburg, made a recent inspection trip to the Twin Sister property.

Joseph Rosasco of Healdsburg, interested in the Twin Sister property, was at the mine on an inspection trip last week. He was accompanied by President Ray O. Foster of Ukiah.

Arthur M. Hoge, secretary and treasurer of the Hoge Development Company, took off a little time from mine duties and took in the Stanford football game Saturday.

Dan C. Stewart won a handsome desk pen for his work in putting over a large sale of gas water heaters during the recent campaign.

Victor E. Buck of the Buck Bros. ranch near Lincoln passed thru enroute to the home ranch at Orleans Flat.

PURPOSE

By Nadine Sutton

"A man without a purpose is like a ship without a rudder—a waif, a nothing, a no man. Have a purpose and having it throw such strength of mind and muscle into your work as God has given you".—Cariyle.

Do we, as a student body, want to be like a ship without a rudder? No, most certainly not. We want to make this a most profitable year. But how shall we do this? By having, as Carlyle says, a purpose which will bring us to the desired goal.

Now, just a word about this purpose. It should be three fold. First, a conscious effort for higher scholarship. Second, better sportsmanship. Third, more school spirit, both socially and materially.

Of course the first consideration is that for higher scholastic rating. This movement must be a movement on the part of the individual student. A higher scholastic average cannot be gained unless every student strives to raise his own grades. It will not be such a difficult task to send the average standard a way up the list, if everyone of us will "pitch in" and do our part.

Now, the second purpose to strive for is better sportsmanship. We all know that this school is on the probation list with the California Interscholastic Federation, just because of the brand of sportsmanship that was shown at a certain game. Of course some things that happened were uncontrollable, as far as the students were concerned. Yet, if we exert as much public opinion against such actions as possible such a disgusting incident will not recur.

There is also another type of sportsmanship. Even though all cannot participate in sports they can support the teams. There's many a game won through the support of a "peppy" rooting section. However, there is one caution. In your enthusiasm do not be discourteous to the opposing team.

Nothing has been said about the players and nothing is going to be said because they always go into a game "with heart and soul" and make "to win by fair play" their motto and goal.

Last but not least the desire for school spirit is to be considered in this big purpose. There are tw phases to school spirit, material and social.

By material is meant the atti tude taken toward school property Much has been said on this subjec and it would be sufficient to say, "Let's take the best possible care o school property".

The second phase, that of socia school spirit has not been discussed so much. When there is som social activity, let's all be ready t do our share in making it a suc cess. Let's "turn out" a hundred per cent class and student body activities. This will help a great deal to make the various projects go over "big".

TO EDIT THE QUILL

The advisability of having a Quill this year was again discussed at the senior meeting held on Tueeday, October 22. It was put into the form of a motion and passed that we edit the annual for this year. The officers so far chosen are Thelma Boerham, editor; Bill Rector, business manager. The seniors this year are going to make it a bigger and better Quill than ever.

Mr. and Mrs. J. Rude were business visitors in Oakland last week.

WHAT COLLEGE SHOULD BRING IN EDUCATION

By Ruth Gleason

College may do many things for you, if you are made of the right stuff, for you cannot fasten a two-thousand dollar education to a fifty-cent boy. The fool and the shirk come out of college mostly the same as they went in. The college will not do everything for you. It is simply one of the helps by which you can win your way to success. Whatever you are, you must make of yourself; but a well spent school life is one of the greatest helps to all good things.

The college can bring you face to face with great problems of nature. You will learn to face great problems seiously. You will earn to work patiently at their solution.

Your college course will bring you in contact with men whose influence will strengthen you. The ideal college professor should be the best man in the community. He should have about him nothing mean or cheap.

The training which comes from association with students cannot be overestimated. Here and there, it is true, some youg girls or boys, overburdened with money, fall into bad company and leave college in worse condition than they entered it. However much we may regret this, we cannot prevent the existence of that kind of students. But they are few among the great majority. Among college students are the best young men and women.

FAIR PLAY IN OUR NEVADA CITY HIGH

By Bernice Coughlan

The foundation of all true fellowship is fair play. Schools should be alive with good fellowship. It has been said many times that the high school age is selfish and unthoughtful. We students cannot deny that.

As a rule we do not realize the meaning of fair play or if we do, we seem to forget about it. For example, contestants sometimes feel satisfied if their team has won the game by unfair play. This is wrong because even though the opposing team did not protest, they take with them the impression that fair play is missing. Therefore, we hope that if the members of our school team have enough school spirit to play in the team they will be fair to the team.

Some think the team's fair play is only an athletic term, but it also refers to school work. There is sometimes a lack of fair play in school work. The tears at report card periods could be saved if the pupils did not put things off and let pleasure always come first with no purpose or aim in view.

Just to get by, or the bluffing act is most unfair. The bluffer is not fair with himself. He is not developing his brain, and he is passing by opportunities found only in his high school life. He is cheating his later life and worst of all he is probably deceiving his parents by not fulfilling their hopes.

BASKET - BALL

The prospects for championship teams this year are running high. From the squad of players that turned out it should not be hard to pick good teams. The A and B teams seem to look the best, and will undoubtedly give the fans some real thrills this season. One advantage the teams have this year is the number of players trying out. No one player is sure of a position, but has to play his best to get it. This is especially true on the A team and will probably produce as snappy a bunch of hoopsters as ever played on an N. C. H. S. Varsity.

Manager Joe Cartoscelli and Coach Pedersen have written letters to a number of schools requesting games and two have already been scheduled. The first game of the season is to be played in Nevada City on November 1st. It is hoped that every one who possibly can will take pride in the high school teams and give them their support by coming to the games. It means a lot to the "boys" to have the business men and townspeople take an interest in their activities. Any one who cares at all for basket-ball will not be able to watch the "boys" in action without saying he enjoyed it.

ADDRESS STUDENT BODY

Mr. "Doc" Rutherford, an associate of the Y. M. C. A. spoke to the student body, Thursday, October 24, on the subject of tobacco. Although his speech was humorous it imparted a very important lesson about the evils of smoking cigaretts. Mr. C. F. Duckles, associate secretary of the Y. M. C. A., who talked to the student body a few weeks ago, introduced Mr. Rutherford.

The students and faculty greatly appreciated this speech.

THE ROSE

By Nadine Neagle

The beautiful rose,
That comes and goes,
And blossoms and fades away.

The beautiful rose,
So dainty and sweet,
With which no flower can compete.

The roses come with colors I like,
The bright red and snowy white,
Which gives the Sophomores great delight.

SOPHOMORE MEETING

On Monday, October 21, 1929, a Sophomore meeting was held for the purpose of appointing a committee to find a "class motto". Those appointed were Margery Odgers, Zoe Tredennick and Teresa Alaria. It was also suggested that we have a class poem. Each sophomore may write one if he wishes. The best one will be selected and a prize awarded to the writer.

Someone suggested that each person bring some money in order to send flowers to Francis Bernard, prominent member of the class, who is ill at the Jones Memorial Hospital. Jean Gleason and Margaret White were appointed to collect the money and order the flowers. As there was no other business to come before the meeting, it was adjourned.

GIRLS' ASSOCIATION MEET

A Girls' Association meeting was held, Tuesday, October 22, 1929, for the purpose of determining what each girl would bring for the food sale which was held Saturday, October 26, and sponsored by the Women's Civic Improvement Club. The purpose of this sale was to raise money in order to buy steel lockers for the girls' room.

EATS

Well, well, the little "Freshies" are making themselves heard and seen more and more in the large rooms and halls of the N. C. H. S. Even the upper classmen are catching some of their spirit!

"Did you say what next, from those Freshies? Well, we'll let you in".——

The Freshmen Civics Club is going to give a luncheon on Wednesday, October 30. They are showing their fine school spirit by giving this luncheon in order to raise funds so that they can present to the student body a shield on which the name of one person of the student body is to be engraved. This one person is to be classified as the most representative student of the year. He is to be judged by honor points, popularity, and school spirit.

When the subject of the luncheon is brought up around the freshmen the following phrases can be heard, "lots t'eat", "mararoni 'n cheese", "lots of cake, and pickles", "there'll be plenty of food for everybody", "only twenty-five cents", etc. Judging from these snatches of conversation, it's going to be a big event.

MR CONWAY SUBSTITUTES

Mr. P. J. Conway, former Grass Valley teacher substituted for Mrs. Ruth Hulen, commercial teacher, during her absence.

JUNIOR MEETING

On Tuesday, October 22, a Junior meeting was held in the class advisor's room.

The meeting was called for the purpose of urging the Juniors to pay their student body dues.

OUR SCHOOL HOUSE

By Tom Hogan

Nobly it stands on gray granite foundation,
Flanked on both sides by evergreen pines,
Facing a mountain whose history is golden,
Kissed by the sun in its morn's early climb.

Stocked are its halls with beauty and youth,
Anxiously trying for knowledge and truth.
Faithful working teachers hard at their tasks
Trying to impart knowledge to the pupils of their class.

In mid-afternoon when studying is over
Through the wide open doors its classes troop homeward;
Darkness descend on this temple of learning;
On the morrow it looms in its brightness again.

E. J. Fournier of Downieville was a recent business visitor in Nevada City.

DANCE TO BE GIVEN

A dance sponsored by the basketball teams will be held at Redmen's hall Friday night, November 2, after the basket-ball game with the Husser's Pharmacy Teams.

The purpose of this dance is to raise money which will be used to install showers at the hall, for the convenience of the teams. This is a constructive and worthy cause and the teams would greatly appreciate the partonage of their many friends. Admission will be a dollar per couple and ten cents for spectators.

Mrs. Margaret Dickerman spent a few days in San Francisco.

SENIOR PLAY

With much anticipation, the seniors are looking forward to the sponsoring of the play, "The Birds' Christmas Carol". The seniors have been striving to put forth every effort they can to make this a "big year", and one of their projects is this play. Although the senior class is to sponsor it, the cast will be chosen from the entire student body. It is planned to hold it on Thursday night, December 12, 1929, at the Nevada Theater. The play will be particularly fitting for that time as it has a Christmas theme.

Mrs. W. L. Mobley spent a few days in Sacramento.

ALPINE COUNTY RATES ITS TAXES DOWNWARD

Although it is one of the smallest counties in the state and the most sparsely populated, Alpine county is setting a fine pace for the other counties of the state by reducing its tax rate to a total of but $1.65 on the hundred, school taxes included. This rate is the second lowest in the state, Kern county being the only one lower due to the oil well production.

THE NUGGET PAGE OF MINING NEWS

AMADOR COUNTY

Jackson papers comment editorially on the story in a recent issue of The Nugget with regard to O. A McCraney becoming resident manager of the Murchie mine. McCraney was highly respected in that section for his ability as a mine manager and his connection with the Argonaut property the last year he was with it, is ample proof.

Forty stamps are dropping at the Central Eureka and almost 200 men are employed. A new orebody is reported to have been uncovered in the hanging wall on the 4700 level and has been opened up for a distance of 100 feet. The same company is unwatering the Eureka shaft below the 2200 level and some development work is being carried out on the 2100 level. Albion Howe is superintendent.

The Kennedy shaft, the deepest on th econtinent at the 4650 level is to be sunk another 250 feet according to report. Sixty stamps are dropping and 200 men are employed

Development work is progressing at the Carrie property in the Pine Grove district where a clearly defined fissure has been outlined for a distance of 2000 feet. New equipment including a portable compressor has been installed.

W. W. Gibson is reported to have uncovered some rich ore in an extension of the Defender mine in the Volcano district. A prospect tunnel run in 65 feet has disclosed a ledge eight feet wide and a mill is being erected.

EL DORADO COUNTY

The entry of the Clark interests of Montana into the Placerville section is being heralded as a new era of mining development for that district. The Poverty Point porperty has been taken over by them and a contract has been let to deepen the shaft another 80 feet at once. O. A. Greeley, former superintendent at the property has the contract. Work has been started to open up the old River tunnel at the property. L. F. S. Holland is in charge of operations for the Clark interests.

A new mill has been installed at the Rising Hope mine near Placerville. An electric donkey is used to haul the ore through the 3000 foot tunnel. Dillon and Orr of Sacramento to have the property under bond.

SISKIYOU COUNTY

A crosscut has been started at the Black Bear property to reach an extension of the Black Bear vein. A shaft is to be sunk into the old ore bodies near the 600 foot level. This property is credited with a past production of three million with a million paid in dividends. W. J. Elmendorf is managing director.

Mr. and Mrs. Errol MacBoyle are spending a few days in San Francisco on business.

CALAVERAS COUNTY

The Gwin mine is to be reopened through a new shaft which i located a half mile east of the former workings. It is reported that the shaft will be sunk to a depth of 4000 feet and a large amount of money spent in developing this former producer. The work is in charge of John McSorley and Frank Garbarini.

Another strike is reported from the Osborn mine near Angels Camp. This was made in a new shaft further up the hill from the former workings. The ore was struck at a depth of 60 feet some hundred feet from the shaft. A mill and compressor is being added. The Belmont Metals and Exploration Company has the property under bond.

The Ranch mine near Hodson is being reopened by the Anderson brothers. Additional milling equipment is to be installed.

Sampling is being done at the Western Vallecito gravel property above Angels Camp by the American Smelting and Refining Company.

Two shafts to tap gravel channels near Angels Camp are being sunk by the Over Night Mining Company and the Caloma Mining Company.

The Oro Plato mine near Murphys is being opened up by the Union Consolidated Mining Company. Twenty men are employed.

The Mar John Mining Company is equipping the Calaveras mine near Murphys.

A 20 stamp mill has been installed at the Lanphier mine at Mokelumne Hill by the Central Mother Lode Gold Mines Company. The property was formerly a good producer at shallow depth.

MARIPOSA COUNTY

A cyanide plant has been installed at the Silver Bar mine near Mariposa. The main shaft has been straightened and a new gallows frame and ore bin erected. The cyanide plant operates in what is known as a closed cycle process and is the only one of its kind in that section. Richard E. Jeffrey is manager.

The crosscut on the 300 level at the Colorado mine has reached the Colorado vein at a distance of 60 feet from the station. The drift is being continued to cut under the rich shoot encountered on the 200 level. The mill has been overhauled. Shrinkage stoping will be used in handling the ore. The ore is reported showing a milling value around $10 per ton. The property is owned by the Belmont Metals Corporation.

The crosscut to cut the main ledge is making good progress in the Spencer mine and is expected to cut it in the next few weeks. A. E. Dart is superintendent.

A winze is being sunk below the 1225 foot level in the Original mine at Clearinghouse to reach the ore in the north shaft. The mill has been closed pending completion of the development work.

An excellent ore shoot is being opened up by W. D. McLean at the Argo mine near Coulterville.

A mill is to erected at the Porath mine near Coulterville by the Munson Mining Company. The company has installed a great deal of equipment in preparation for extensive operations. P. Munson is general manager.

A new ore shoot has been uncovered in the north shaft on the 200 level in the Spread Eagle property in the Whitlock district, 215 feet from the shaft. Coarse gold is shown in the ore which shows considerable sulphides.

Development work is being carried on on the 300 level. Martin Tresider is superintendent.

A deposit of searly pure barium sulphate is reported from the El Portal section, near the workings of the National Pigment Company which has a crew of 75 men at work. Shipments are made to the bay section.

TUOLUMNE COUNTY

New equipment is being purchased for the Erin Go Bragh mine, near Stent. The property adjoins the Jumper mine. Steve Rowe of Jamestown is superintendent.

J. W. Newell is reopening the Longfellow mine at Big Oak Flat. A stamp mill is being erected.

A. M. Holmes has purchased a parcel of land on Sacramento street to gain possession of a splendid specimen of a sequoia tree growing there.

STATE OF CALIFORNIA--DEPARTMENT OF FINANCE--DIVISION OF STATE LANDS

Statement Prepared by the Register of State Lands Pursuant to the Provisions of Chapter 846, Statutes of California, 1929, Showing Amount of Interest Paid on the Balance of the Purchase Price of the Following Described Lands in Nevada County, Together With Amount of Interest Unpaid and Due January 1, 1929.

Location or Survey No.	Date of Approval	Name and Address of Purchaser	Name and Address of Assignee, Grantee or Successor in Interest	Description	Section	Town ship	Range	Meridian	Acres	No. and Date of Certificate of Purchase	Amount of Interest Paid	Amount of Unpaid Interest and Due
216 Sac.	Jan. 16, 1871	Benjamin F. Colvin, Cf James G. Matteer, Grass Valley, California		W ½	16	15N	8E	M. D.	320	4037 Apr. 13, 1871	$126.65	$1760.00

Pursuant to the provisions of Chapter 846, Statutes of California of 1929, effective August 14, 1929, I, W. S. Kingsbury, Register of State Lands, do hereby demand that all interest shown to be unpaid and due by the foregoing statement shall be paid in full on or before December thirty-first, A. D. one thousand nine hundred and twenty-nine, to the Treasurer of the above named county, together with the sum of three dollars costs imposed by the provisions of said statute upon the owner or owners of each certificate of purchase listed in said statement, as well as upon each person who may have acquired an interest in all or some portion of the lands in such certificate described, but to whom the certificate has never been surrendered.

And Notice Is Hereby Given, That in the event such delinquent interest, together with such costs, be not paid within the time above limited, a penalty of twenty per cent of the aggregate amount of interest delinquent on December thirty-first, A. D. 1929, will be imposed in each case upon the person or persons liable for the payment thereof.

And Notice Is Hereby Further Given, That, except as otherwise provided in said statute, in the event any portion of such delinquent interest, together with such penalty and costs, and all additional interest falling due January first, A. D. 1930, be not paid on or before the thirtieth day of June, A. D. one thousand nine hundred and thirty, all lands on account of the purchase price of which such delinquency shall then exist are by the provisions of said statute declared to be forfeited to the State of California, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, and all such certificates of purchase will thereupon become ipso facto null and void.

And Notice Is Hereby Further Given, That in the event the owner of any such certificate shall have died, without disposing of the lands therein described, and no administration of his estate has been had, the time of payment hereinabove prescribed is by said statute extended for a period of six months; provided, however, that appropriate probate proceedings must be commenced in each case not later than December 31st, 1929, and written notice thereof forwarded by registered mail to the undersigned Register of State Lands, at Sacramento, California.

And Notice Is Hereby Further Given, That any person having a conveyance of the whole or any portion of the land described in any such certificate of purchase, but to whom the certificate has never been surrendered, may protect his lands from such forfeiture, upon making due proof of ownership and paying his pro rata share of the interest delinquent thereon, with costs, as in said statute provided.

And Notice Is Further Given, That said statute extends to and includes all unlisted lieu lands and all unsegregated swamp and overflowed lands sold under the authority of any law of this state and included in the foregoing statement; provided, that all purchasers thereof, their heirs and assigns, who protect themselves against forfeiture by making the payments required by said statute, shall not thereby be deprived of any existing right to receive restitution of all sums paid on account of the purchase price of such lands, whether for principal or interest, upon duly complying with all provisions of law governing such restitution.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Department of Finance at Sacramento, California, this 1st day of October, A. D. 1929.

W. S. KINGSBURY,
Register of State Lands.

By W. S. Kingsbury, Jr.,
Deputy.

Section 3 of Chapter 846, Statutes of California, 1929.

"Demand is hereby made upon all persons who are or who may become liable for the payment of any interest which is delinquent or which may become delinquent upon any part of the unpaid portion of the purchase price of any of the lands embraced within any of such statements for the payment of all such delinquent interest, together with the costs hereby imposed, on or before the thirty-first day of December, A. D. one thousand nine hundred and twenty-nine; and in the event of the nonpayment of any portion of such delinquent interest, as above provided, a penalty of twenty per cent of the aggregate amount then delinquent is hereby imposed, in each case, upon the person or persons liable for the payment thereof. Except as otherwise provided in sections four, five and six of this act, in the event any portion of such delinquent interest, together with such penalty and costs, and all additional interest falling due on the first day of January, A. D. one thousand nine hundred and thirty, be not paid on or before the thirtieth day of June, A. D. one thousand nine hundred and thirty, all lands on account of the purchase price of which such delinquency shall then exist are hereby declared to be forfeited to the state, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, and all such certificates of purchase are hereby declared to be ipso facto null and void from and after such date last mentioned."

BOWLING WILL RESUME WITH A NEW SCHEDULE

George E. Walling who has been assigned the duty by the committee of conducting the next bowling tournament on the Elks alleys has been busy lining up the teams and getting ready to start tonight with a new lineup.

With the bridge tournament on Tuesday nights, it is expected that the bowling will be run on Monday, Wednesday and Thursday nights. The former handicapping system is to be back into effect with the new tournament and will be followed out each week. The handicaps will be changed each week as the teams roll the previous week.

There will be several new faies in the lineup as Rollin Wright has been anxious ao get a crack at the pins and display his prowess at mowing them down. "Hol-em-Newt" Breese will resume active practice with the idea of boosting his average a few links while "Donkey Dust" Durbin is limbering up the old soup bone again. Tamblyn has been out of the game for several weeks on doctor's orders but may be getting back into the harness again shortly.

Mobley is promising to smoke them up considerably the coming tournament and step well out in front in the individual standings. He wound up the previous tournament in strong style. Chief Walling says his batting eye is good for a fine winter on the alleys. The three southpaws, Hoge, Richards and Leiter expect to have their portside ball working in fine shape.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Oct. 26, (Special to The Nugget)— Well, Fr. Ricard's weather forecast for October was, as usual, quite correct,—altho we hoped those "sun spots" might get turned around in ome manner conductive to moisture.

Beautiful autumn is upon us, but owing to the premature dryness, through dearth of irrigation water, it is not assuming its beautiful coloring as usual, for leaves have dried up and fallei weeks ago.

The increased temperature of the past week, which has probably been due to the fierce forest fire that has been raging in the Pleasant Valley section, along with the smoky atmosphere, and the "dry situation" has not, added to our comfort of living! Well, "What can't be cured must be endured", so as they say nowadays, "We should worry".

Let's see what our good people are doing.—

E. Clark made a business trip to Weimar last Friday.

Columbia Parlor No. 70, N. D. G. W. held a meeting Friday afternoon.

Miss Theresa O'Conner, who teaches school at Pleasant Valley, was in attendance at the meeting of Columbia Parlor, and spent the week's end at her home in Birchville. She was accompanied by Teddie Schwartz, who is numbered with the pupils of the Pleasant Valley school this term. Teddis came to join his mother, who was the dinner guest of Mrs. E. Southerland Friday evening.

W. E. Moulton made a trip to North Bloomfield to bring his daughter, Louise, home to spend the week end.

"Jiggs" Fogarty of San Juan was a Saturday visitor.

W. E. Moulton made his usual business trip to Marysville Saturday.

Mrs. E. Woodbridge has retursed to the home of her on, H. Hoskins, of French Corral after an extended visit with friends in the bay citites.

H. Beresford of Moonshine was a Sunday visitor.

B. Snooks of San Juan had business in French Corral Sunday.

Miss Louise Moulton returned to North Bloomfield Sunday evening. She was accompanied by her parents, Mr. and Mrs. W. E. Moulton.

Mr. and Mrs. R. McNamara returned to their home in Tyler Monday, after spending the week with the family of J. W. Culver.

Mrs. G. Hardenbrook visited her sister, Mrs. Mitchell, of Grass Valley Tueday and Wednesday.

N. B. Bishop and W. Gordon had business in Nevada City Wednesday.

Wm. Gordon went away Wednesday afternoon to spend a few weeks in the mountains.

Mr. and Mrs. A. Browning made a trip to Nevada City Wednesday.

Miss Millie Clerkin of Pike City was a visitor Wednesday.

Miss K. O'Connor returned to her home in Birchville after being in attendance at the wedding of her niece, Miss Rose O'Conner, of San Francisco. The bridegroom was M. J. Moore of San Francisco. The marriage was solemnized in Holy Cross church, the service performed by Rev. Fr. Scanlon. We are particularly interested in this as the parents of Mrs. Moore were both natives of the Ridge. Her mother, Miss Susie Kilroy of Cherokee and her father the late John O'Conner of Birchville.

Cattle are moving to the foothills. The Buck Bros. of Graniteville passed through with a large herd Sunday a. m. and Bill Walsh of Smartsville passed through with his herd, Monday.

While hauling wood into Washington, a truck driven by E. J. Haverstock came out of control and was finally guided into a tree on the steep grade. Mr. Haverstock suffered a badly bruised leg.

A number of local Odd Fellows fellows attended the meeting of Grass Valley lodge Thursday evening and witnessed the conferring of the initiatory degree.

to recover a commission claimed due. He is represented by Nilon, Hennessy and Kelly.

Mr. and Mrs. T. H. Corcoran have had as visitors his sister and niece, Mrs. S. D. Chucovich of Alameda and daughter, Miss Senetta of Woodland.

EDWARD FISK PASSES

Edward P. Fisk, for many years a resident of this county, passed away at the Nevada City Sanitarium Thursday. He was a native of Santa Cruz, being born August 26, 1869. He followed teaming as an occupation. Surviving is his wife, Mrs. Mary Fisk, one daughter, Mrs. Andrew Tobiassen, and four sons, Marvin, Clyde, Verda and Elton Fisk. Funeral services were held from the Holmes Funeral Home Saturday afternoon.

MRS. DELLAPIAZZA PASSES

Mrs. Martina Dellapiazza of Willow Valley passed away at the family home Thursday. She had been ill following a thyroid operation several years ago. She was a native of Italy and a resident of this community for the past 18 years. Surviving is a brother, Bart Pagani of San Francisco and a sister in Italy.

Sheriff George C. Bynon was down from Downieville Friday as a witness in superior court in the Woods-Carpenter case.

Mr. and Mrs. D. E. Burgess of Stockton are recent arrivals in Nevada City. He has the contact for the painting of the Galt bridge.

SCHOOLS REOPEN TODAY

After an enfoced vacation of two weeks classes are to resume work at the Washington grammar school today. An attempt was made last Monday but due to lack of advance notice given was doubtless the cause of the large number of missing students. It is understood that a portion of the lost time will be picked up during the Christmas holidays. The slight epidemic which was the cause of the closing is all but past.

A. M. Holmes, R. W. Rodda and A. A. Willoughby attended the meeting of Grass Valley Elks lidge Wednesday evening. A fine chicken dinner was served by a committee headed by Arthur F. Hellings.

Halsted Downey, who is a chief gunner's mate in the Navy, left Friday after a visit with his mother, Mrs. George W. Downey. He has served in the navy for the past fourteen years and will shortly be leaving San Francisco for China where he will be stationed on a gunboat on the Yangtse Kiang river

Mrs. Vincent Foley and little daughter are home from a visit in Brentwood with relatives.

Mrs. A. C. Larson, came up from San Jose to care for her son, Camron, who is making a good recovery. Mrs. Larson has been staying with her daughter, Geraldine, in San Jose, where she is attending school.
